Commercial Hot Water Storage Tanks

ST 1000 & ST 2000

Storage Capacity - 1000 & 2000 litres

ST 1000/2000

A. O. Smith's large capacity water storage tanks are designed for use with domestic and commercial hot water systems. These insulated storage tanks are glass lined and have cathodic protection against corrosion. These vertical type storage tanks work seamlessly with any new or existing water heating source, providing a consistent and reliable supply of hot water.

A. O. Smith Advantage

Key Features

- ▶ **Glass Lined** – All internal surfaces exposed to water are Glass Lined, provide protection from corrosion
- ▶ **Cathodic Protection** – These Glass lined tanks are furnished with anode, designed for maximum protection against corrosion
- ▶ **Two Sizes** – Available in 1000 & 2000 liters
- ▶ **Working Pressure** – Our tanks designed for 8 Bar working pressure
- ▶ **Warranty** – Longer warranty of 5 years

Optional Customization

- ▶ Heating Elements
- ▶ Control panel for Heating Element
- ▶ Additional ports
- ▶ PRV (Pressure Release Valve)
